

Chemical Laboratory Assistant / CTA (m/f/x/d)

HPC Standards GmbH is a globally operating and constantly growing company based in Cunnersdorf near Leipzig. Our main field of activity is the production of high-purity reference substances for residue analysis.

To strengthen our analytical team, we are looking for a chemical laboratory technician / CTA (m/f/d/x) for special analysis at the earliest possible date.

Your tasks:

- identity and purity determination using HPLC (CAD, ELSD), GC, LCMS, GCMS and NMR spectroscopy
- Assessment of analysis results and verification of measured values
- device maintenance
- maintenance of the associated databases

Your requirements:

- completed training as a chemical laboratory technician, CTA or comparable qualification (m/f/d/x)
- careful, clean and structured way of working as well as reliability paired with teamwork and communication skills

- several years of professional experience in instrumental food and environmental analysis, especially GC-MS and HPLC-MS is a plus

What you can expect:

- a challenging area of responsibility with changing projects
- a young, international team with flat hierarchies in a modern and secure workplace
- flexible working hours
- company pension scheme
- annual company events
- possibility of job-related further training
- Jobrad

Have we aroused your interest and are you interested in contributing to the further development of a growing company? Then send us your complete application documents by e-mail, stating your salary expectations and your earliest possible starting date, to **hr@hpc-standards.com**.
